## 7. PRESIDENT'S REPORT – Comrade Dianne Higgins

Good evening, everyone.

First, I am honoured to be serving as your President for the next year. Thank you for your support. I like to have short meetings! To achieve this goal, and for the sake of everyone who attends the meetings, I invite you to email your concerns to your respective Vice Presidents prior to the meetings. This way we will be able to ensure everyone will be heard and we will be able to plan the meetings more effectively.

The Senior Executive have already had meetings. Through brainstorming, discussion and finally agreement we have determined the way ahead for our Branch for the upcoming year. Our focus will be on business planning, improving member attendance at our Branch and enhancing our Social Media platforms.

The Vice Presidents who have agreed to work on their projects will explain them in further detail. Several issues have been discussed with the new Executive team. To expediate this meeting I will touch on just a few. The others will be presented in upcoming meetings.

## **Executive Committee Structure:**

There have been changes to Executive Committee structure. Basically, we have two types of Branch support:

The "Administrative" side: Secretary, Branch Administrator, Past President and Treasurer falls directly under the responsibility of the President. All concerns and requirements of this administrative side of our Branch are to go through the President. The Bar Manager will be directly responsible to the Branch Administrator. This remains unchanged. All requests for support for Bar staff must go through the Branch Administrator who will then liaise with the Bar Manager for staffing.

The Branch needs a Treasurer. For personal reasons Nancy Fisher has submitted her resignation and I have accepted. I spoke with her on Friday at our dinner and dance and she informs me they are putting their house up for sale today and will be moving closer to their daughter.

The" **Operational**" side: This is comprised of the portfolios under the President and the Vice Presidents. Some portfolios have been reassigned to different Vice Presidents. Each portfolio holder is directly responsible to their respective Vice President. All concerns or requirements are to be sent to their respective Vice President. If you have information, etc... you wish to present to the Branch that falls under other Vice Presidents, please pass the information through your Vice President first. The 1st, 2nd or 3rd Vice President will then liaise with the Vice President responsible for that portfolio. This way two Vice Presidents are not working on the same issue.

A diagram of the new format for the Executive will be attached to the minutes of the meeting.

## **Executive List**

There will be two different copies of the Executive List. One will contain the name, home phone number and new email address of each member of the Executive. Only select individuals will have a copy and it will not be shared on our social media sites. This protects the personal information of our Executive members. It is not to be shared with anyone!

The second copy of the Executive List will contain the name and new email address of each member of the Executive. This copy will be shared with everyone and will be on our social media sites.

## **Emails:**

The emails for our Branch Executive will no longer be associated with a person's name. (e.g.) Branch Administrator will not have "Mike Adams" associated with it. Sorry Mike. Instead, all portfolios will have the following: RCL 632orleans (and the position) @gmail.com. (e.g.) the President's email is: rcl632orleanspresident@gmail.com. This change became effective 10 June 2022. The Branch Administrator is responsible for creating and maintaining the emails. The long form of each portfolio has been created. Also, all passwords will be held with the Branch Administrator.

The Branch Administrator is not responsible to answer any questions relating to the content of your emails or to answer questions why emails have not been answered. This is responsibility of the email holder. Please contact our Branch Administrator, Melanie Delorme for your new email address.

## **Future events:**

The Branch has **Canada Day** well under way and a **Golf Tournament** is being organized. Branch hours and activities for the summer:

The Senior Executive have had discussions with our Branch Administrator, the Bar Manager and Ron Clark our Caterer. We do not wish to have our Legion closed for any reason. To remain viable depends on attendance. The Branch cannot continue to pay a Bar Tender when no one is in house. I ask all of you to put forward suggestions for activities to enable us to remain open. Every suggestion, idea, etc are all welcome.

## **Donations to the Branch:**

An anonymous individual donated a new laptop for the upstairs office. Paul Newcome donated a large new BBQ tank filled with gas. On behalf of Orleans Branch 632, I thank our members for their kind donations.

## 11. CHAIRPERSON REPORTS UNDER THE 1<sup>ST</sup> VICE-PRES. – Comrade Wyn Fournier

- 1. Kitchen Operations:
- a. We are in discussion with Ron about the possibility of continuing Friday night dinners into the summer months. This will depend on the numbers of people who attend as any less than 40 meals served is not financially feasible. A decision will be made by 20 Jun and communicated to the membership. July lunch will continue.
- b. Saturday breakfast meals have been steadily declining as the weather gets warmer. Unless the number in attendance increase, Saturday breakfast will be ceased for the summer at the end of June.
- c. A full lunch menu will continue to be offered throughout the summer Tuesdays to Fridays. Please let your friends and neighbours know! A takeout menu will also be available.
- d. There is a likelihood of a price increase for meals to account for the increasing prices for supplies. This is an unfortunate result of the current economy.
- 2. A google drive folder system will be put in place with the Branch Administrator as the owner. This will allow for historical information and documents to be readily available as people holding executive positions change. It will also allow for us to be more environmentally conscious as we will need less paper. Stay tuned for when this is up and running!
- 3. There was an anonymous donation of a brand-new laptop, monitor, keyboard, and mouse to the Legion for use by the Sr Executive in the upstairs office. It has been set up with profiles for all the official positional emails and is now ready for use. Do not forget to sign out ©
